MINNESOTA BULLETIN NO. 210-7-1

SUBJECT: ENG – GEOLOGY ASSISTANCE

Purpose. To provide information on Geology Assistance

Expiration Date. September 30, 2007

The NRCS recently conducted a nationwide A-76 competitive sourcing competition for Geological Services. The NRCS won this competition and is now in the process of implementing the Most Efficient Organization (MEO) Plan. Under that plan, Minnesota will receive geology assistance from Wisconsin.

We have worked with the Wisconsin NRCS staff to establish procedures for accessing this geology assistance. The attached form will be used to request assistance. Completed forms will be sent either by hard copy or as an email attachment to John Brach, SCE. The request will then be assigned a priority and forwarded to staff in Wisconsin.

If you have any questions regarding geology assistance provided by Wisconsin, please contact John Brach at 651 602-7880.

Ann English, Acting for

WILLIAM HUNT  
State Conservationist
